THE SPRINGFIELD GLOBE,  
Volume IV, Number 101.

SPRINGFIELD, OHIO, SUNDAY MORNING, SEPTEMBER 20, 1935.

THE SPRINGFIELD GLOBE-PUBLIC,  
Volume XXX, Number 200.

## OWEN BROTHERS

### Indications.

WASHINGTON, Sept. 19.—For Ohio Valley and Tennessee, generally fair weather, light to moderate winds, occasional showers, variable winds, generally from east to south, nearly stationary temperature, lower barometer.

SUNDAY, Sept. 20th, '35.

We are likely to do our share toward furnishing underwear wants; we ought to do more. Preparations, extensive preparations, are being made to supply those qualities that will insure general satisfaction. We ought to speak in high praise of a quality we afford at a quarter a garment, but we are content to let the garments speak for themselves. Quality No. 2, Scotch gray, with finished seams at 35c, are to be seen for a day or two in our west window. Quality No. 3, 50 doz. white shirts and drawers, worth somewhere 50 or 60c, through our advantageous buying we make 40c. Quality No. 4, heavy Scotch gray mixed, with finished seams and waists, 50c. Quality No. 5, fine Scotch mixed silk embroidered, 75c. Quality No. 6, (a big 6 it is, too), anti-rheumatic scarlets at \$1. Solid low price facts among all qualities, no matter what the price may be.

Our clothing trade is going on extremely well—that is to say that people are bound to buy. May as well come here first as last. We are getting to the condition we like in boys' clothing—something for every use of every class of boys, and that something just what suits his mother, and father, too.

Boys' youths' and men's hats and caps are ready.

And let the rain remind you how much soaking you might have saved, how much better to be with than without, one of our brown gum rubber coats, with velvet collar for looks. You've got to have rubber coats and why not buy the best? Umbrellas for rain, sun, either, both.

A long, wide, high shelf full of new grips, bags and satchels. We pile them high and mark them low, 60c, up, \$8 down. Straps to match.

Overalls all out of proportion to our other trade—50c for 40c, 75c for 50c. Our own make.

Overcoats are much below last year's prices. All sorts of cloths, including the very coarsest, \$2.50, well lined, well made. Overcoats for fall wear, \$9, \$10, \$11, \$12. Hundreds of patterns. The making and trimming is a ten times more notable fact among our garments. There's scarcely any limit to overcoats here. Stacked fifteen hands high in rows six deep.

## A STABBING AFFRAY.

### A MYSTERIOUS AFFAIR WITH KNIFE RESULTS.

An Encounter on the Corner of Main and Spruce Streets Between Johnny Costigan and an Unknown Man—Costigan Seriously Wounded.

At about 10 o'clock last night John Costigan, son of Jerry Costigan, living on the northeast corner of Columbia and Spruce streets, was engaged in a fight with an unknown man on the corner of Main and Spruce streets, and received several slashes with a knife—one on the left side, under the arm. He was carried to Dr. Rade's office, where the wounds were dressed, and the young man was taken home. His story was to the effect that he was going home somewhat intoxicated and at the corner of the streets mentioned he met a man whom he did not know and by some means became involved in a quarrel with him, when the unknown person drew a knife with the above result. A large and excited crowd soon collected and in the confusion the unknown man escaped before he could be identified. A call by the reporter at the Costigan house at an early hour this morning found the house dark and no answer made to repeated knocks at the door, and every effort seemed to have been made to keep the matter from the public. The wounded man refused to give any further particulars to the doctor.

Another story reached this office to the effect that the assailant was a member of the Salvation Army, and the quarrel was but the continuation of a series of difficulties in which several members of the army and others have recently been engaged, much to the annoyance of the citizens of East Main.

Nothing further could be learned as to the condition of young Costigan up to the time of going to press.

### ARMED FOR MURDER.

But Afterwards Found to be the Wrong Party—The Wounded Man at Xenia.

The chief of police received a telegram about five o'clock yesterday afternoon from Chief Sot Harner, of Xenia, telling him to arrest Tom Thompson, known as "Toughy" Thompson, son of Hugh Thompson, the stone mason, as he was wanted for murdering Dennis Daley, of that place. The fact that Daley was murdered does not seem to have been known to the Xenia authorities until yesterday, when following from the Xenia Gazette of Friday, will show that Thompson was several days in the city.

Several days in the Gazette made mention of the fact that a shoe maker named Dennis Daley was arrested for assault upon Charles Swiholt, the butcher. He was being driven heavily at the time and was sent to the work house by the mayor. He did not seem to recover from his spine and grew quite sick. He was taken from the work house to the infirmary, where he has been for the past few days.

During his stay at the infirmary he was unconscious all of the time up to 2 o'clock this afternoon, when he died. The physicians said he had drunk so much that his brain had become diseased and it was impossible for him to recover. He was 33 years of age, and a good workman, but whisky was too much for him.

On receipt of the telegram, Officers Mast and Ross set out and soon had under arrest a young fellow named Joe Thompson, of this city. Word was sent to Xenia to this effect, but later a telephone message stated that Joe Thompson is not the one wanted. He was accordingly released.

### Mills Started with Non-Union Men.

CLEVELAND, Sept. 19.—Twelve weeks ago the employees of the Cleveland Rolling Mill Company struck on account of a reduction of wages, the amount of which was not stated. There was some suppression of excitement in the town today when it was announced that the strike was being called off.

In the morning a gang of the fourteenth ward men, principally Poles and Bohemians, gathered on W. 19th street, ready to intercept those who were going to work. There has been a strike in the mills during the past few days, and shortly after seven o'clock a large number of men began making their way toward the mill. There were nearly two hundred of them, and when they reached the gates they met with no opposition. They went in and were put to work cleaning up the yards, repairing machinery, etc. In a short time five were started under a number of boilers, and more smoke hung over Newburg than has been seen since the last day of May. During the forenoon steam was generated in the rail and blooming mills, and the ponderous wheels of the engines commenced to revolve after a prolonged idleness.

### HAVE THEY SLOPED?

A Priest and a Young Lady to Whom He Had Been Attentive Disappear.

JACKSON, Sept. 19.—Much comment has been occasioned by a coincidence in the departure of Rev. Father Butler, of St. Bridget's church, and Miss Mary Ellen Brady, a young lady of alliance. Father Butler had been a steady caller on Miss Brady, who is a member of the church. He was recently transferred to Norristown, for which place he started today, but has not yet arrived there. Miss Brady left home about the same hour of the priest's departure, ostensibly to visit friends in Norristown. She has not yet reached there. Her friends make no secret of their conviction that she and the priest have abandoned the church to become man and wife.

### FRANKE STILL COMING TO LIGHT IN INDIANA.

INDIANAPOLIS, Sept. 19.—The latest development in the township warrant scandal comes from Morgan county. A Shipley, trustee of Grigg township, that county, was placed under arrest early this morning, under an indictment by the grand jury, charging him with issuing fraudulent warrants to the amount of \$5,536. These warrants were issued to R. B. Puffer, for school supplies, but as a matter of fact no supplies were furnished. The arrest of Shipley is due to the exertions of Walter Stanton, of the firm of Stanton & Coffin, of New York.

### Will Not Insure Georgia Property.

New York, Sept. 19.—In view of the dispatches from Georgia received there today by fire insurance companies, indicating the probable passage of a valued policy law by the Georgia legislature, a meeting was held at which it was unanimously resolved "That the passage of the pending bill would compel the companies to decline insuring any property affected by its provisions." All the agents of these companies in Georgia will be at once notified of this action.

### Westmont and Lorene Sold.

New York, Sept. 19.—The announcement is made that J. M. Hill, of Chicago, the manager of the Union Square theatre, of this city, has sold to Frank Siddall, of Philadelphia, for \$50,000, his team Westmont and Lorene.

### Horse and Buggy Stolen.

Xenia, O., Sept. 19.—A valuable horse and buggy was stolen from a hitching rack in the night. No clue to the thief.

## SECRET SOCIETIES.

### What Has Happened During the Past Week Among the Lodges.

Camp 51 was increased by the addition of two members by initiation at its last meeting.

The fourteenth annual session of the state camp of Ohio, P. O. S. of A., held at Newark during the past week, was in point of numbers of about the same dimensions as the sessions of one year previous at Zanesville. While some camps were represented by full delegations, others were represented by very small ones, notably among the latter being this city, which was only represented with four out of the eleven officers and delegates who should have been there, one result of which being that Springfield has lost her representation upon the state executive committee.

The state camp was called to order at 10:30 a. m., Tuesday, the 15th inst., by Bro. State President A. J. Trout, of Lancaster.

Before opening the camp in secret session, a welcome address was delivered by the mayor of Newark, welcoming the order, and in behalf of its citizens extending the hospitality and freedom of the city to its members. During the address there was much said that plainly showed his hearty sympathy with state camp, and his address was listened to throughout with close attention, and at its close greeted with loud applause.

Brother State President feelingly responded to the address in a neat and happy manner in behalf of the order.

The balance of the morning was given to State Chaplain H. Abbott, of camp 30, Newark, the state camp was declared in formal session and business commenced by the roll call of officers and appointment of the various committees to serve during the session.

The balance of the morning was devoted to hearing the report of the committee on credentials and listening to the state president's address, and at high noon a recess was taken until 1:30 p. m.

Upon resuming, reports from district presidents throughout the state (a very full report) were read, showing the order to be in a good condition. The state secretary's and state treasurer's reports show finances to be in the best condition since the organization of the state camp.

The balance of the afternoon and part of the evening session were consumed in the election of officers for the ensuing year, some of which were very closely contested. The following was the result, viz: State president, M. D. Prosser, camp 48, Zanesville; state secretary, D. P. Reams, camp 59, Sumner; state treasurer, C. G. L. Evans, camp 22, Columbus; state secretary, E. J. Swener, camp 54, Dayton; state treasurer, Thos. C. Barrett, camp 22, Columbus; state secretary, J. H. Hamilton, camp 39, Newark; state secretary, J. H. Hamilton, camp 39, Newark; state secretary, J. H. Hamilton, camp 39, Newark.

It was a matter of surprise that so many of the reports were reported as to whether full, and the question arose as to whether there would be too many in the brigade for the purpose of the grand demonstration, but on consideration plans were suggested by which the extra brigade would be supplied in the meantime. It is known that several firms in the city have white flags on hand, and in case the supply was exhausted, arrangements will be made to have them for all who may want them.

The committee on credentials reported in favor of adopting among other things, following: One to appoint a committee of five to revise constitution and report at next annual session; one to have all subordinate camps work in the white degree; one fixing the minimum initiation at \$5, and very appropriately; one in unity of Gen. Grant (of which, however, we failed to get a correct copy). The above being adopted, the following committee was appointed, to whom was referred all resolutions and amendments on change of constitution, viz: J. A. Kates, camp 44, Hamilton; Sherman Horn, Wm. M. Ricketts and John H. Ware, all of Springfield.

At 10:30 p. m., after choosing Hamilton as the next place of meeting for the state camp, a recess was taken until Wednesday at 9 a. m. Resuming promptly at the hour named, the morning of the second day was devoted mainly to the secret business of the order, adopting reports of the various committees, etc. The committee on resolutions offered a second report containing resolutions of thanks to the mayor, citizens and fire department, of Newark, in connection with Camp 39 for hospitality and courtesies tendered while in the city. After the installation of officers elect by Past National President, J. S. Reeder, of Hamilton, the state camp was declared closed.

### NOTES.

Past National President, J. S. Reeder, of Hamilton, and National Vice President Frank Hendley, of Cincinnati, were present.

Bro. A. R. Straw cannot be denied; he was in town upon many occasions. Upon invitation from his honor, the mayor, the entire state camp was welcomed to the working of the fire department, of Newark, the department is well equipped and furnished. The noon train from Columbus brought in between forty and fifty of the boys from that city, who were met at a meeting since held, have made arrangements to give a ball under auspices of the order, in the lodge room upon the evening of October 6th. The committee of arrangements consisting of Brothers W. H. Clark, J. W. Nelson and W. H. Hatcher, have already made all necessary arrangements by appointment of sub-committees, securing music and printing, etc. Invitations will be ready for distribution at the regular meeting next Tuesday evening. By communications received from the supreme officers there have been two new lodge instituted during the past week at Atlanta and Benton, Kansas; also, it is definitely learned that the long-talked-of lodge at Dayton will be instituted next Tuesday evening, the 23d inst. It seems that it has only been delayed on account of death in the family of Bro. Supreme Deputy Cooke, of Troy. It is to be regretted that some other night could not have been chosen, as it prevented their having a representation at the installation from Hope Lodge, that being our regular meeting night.

### PHYSICS POINTS.

Monteref Lodge No. 33, at the regular meeting last Friday conferred the Knights rank on one equivoque, in the amplified form.

There would have been a better attendance at Lodge last Friday evening, but for the reason that the equivoque was not expected to be present.

Next Friday evening, being an off night from regular work, the oriental degree will be exemplified to all aspiring to the high rank of a prince of the Orient.

There are now 317 divisions of the uniform rank in the supreme jurisdiction, of which Ohio has 59.

Sir Knight Recorder T. J. Monahan, of division 44, has received the blanks for making semi-annual reports to the proper officers.

The Sir Knights of division 44 will remember the drill next Wednesday evening at ball-park seven o'clock.

The Sir Knights of Division 44 who were not present at the reception given by Sir Knight Leuty, missed participating in one of the most enjoyable events that the division has ever had.

Sir Knight Bailey was the floor manager, and was the man for the place.

Sir Knight Scholtes assumed his usual place on reception. His familiar face and courteous manner makes all feel perfectly at home.

Sir Knight Melking was not feeling very well, but enjoyed himself and knew just how to take and give the place.

Sir Knight B. O. Bliffie exonerates all of Mess No. 11, and places the cause for his complaint that has developed since returning from camp with Sir Knight Scholtes, which the latter denies and blames it on the champagne water.

There were about fifty couples present at the reception given by Sir Knight Leuty, and were mostly of the Sir Knights, of Division 44.

Business of importance next Wednesday evening at the drill of 44.

Lieutenant Weidner, of Humboldt division No. 12, now adjutant of the new 44th regiment, Ohio brigade, was in the city yesterday evening, making the acquaintance of the officers and Sir Knights of divisions 5 and 44, in the interest of the new organization.

Sir Knight Lieut. Fellows and family spent a Sunday in London, the guest of his son Walter.

How about that drill squad?

Camp fire on next Thursday night. A full attendance is expected.

Colored janitor or white janitor?—Not Comrades are reminded that the quarterly dues should be paid Sept. 30.

Inspector Hoffman is absent in Kentucky on insurance business.

Those comrades who do not come out to the camp fire will miss Col. J. E. Stewart's paper on Shiloh.

Mitchell post is booming, having good numbers and those who are absent are missing the best part.

THE PLUG HAT BRIGADE.

Meeting of the Brigade Officers—Welcome by Cincinnati.

The commanders, captains and line officers of the plug hat brigade met at Col. Bogie's office last night, and the general affairs and outlook for the success of the grand demonstration was fully discussed. In a very unassuming manner, the weakest points in the undertaking received careful attention, and from all reports at hand, it was evident that the Springfield brigade to Judge Forsaker promises to maintain the Champion City reputation as a "boomer" in everything she undertakes.

It was a matter of surprise that so many of the reports were reported as to whether full, and the question arose as to whether there would be too many in the brigade for the purpose of the grand demonstration, but on consideration plans were suggested by which the extra brigade would be supplied in the meantime. It is known that several firms in the city have white flags on hand, and in case the supply was exhausted, arrangements will be made to have them for all who may want them.

The committee on credentials reported in favor of adopting among other things, following: One to appoint a committee of five to revise constitution and report at next annual session; one to have all subordinate camps work in the white degree; one fixing the minimum initiation at \$5, and very appropriately; one in unity of Gen. Grant (of which, however, we failed to get a correct copy). The above being adopted, the following committee was appointed, to whom was referred all resolutions and amendments on change of constitution, viz: J. A. Kates, camp 44, Hamilton; Sherman Horn, Wm.
